

AvantGarden, Budapest 13

Client
Balzola (Spain)

Description
14,000 sqm residential development in a continuous urban block with retail units on the ground floor and double-level underground parking. Location: Gömb Street 17-21, Budapest 13.

Added Value
The building volumes are broken up to provide better urban assimilation. The site plan allows the cross ventilation of all units. Green roofs and terraces are formed on various levels.
