

Fish Market and Food Court - Bergen, Norway

Client

City of Bergen (competition)

Description

The City of Bergen wanted to cover the traditional open air fish market located in a touristic bay in the downtown. It was a task of the competition to create a covered Sea Food Court that can function as a touristic attraction, both in the summer and winter.

In addition to a panoramic restaurant, we created three main triangular modules (under one common roof) that can be used in flexible ways. (2,200 sqm)

2009
